

# St. Augustine's School, Kalimpong

Dear Parents & Guardians,

The Academic Year 2022 is at an end. We reopened the school in the month of February, firstly for the seniors and then for the juniors. The year had been hectic and challenging on many counts. We cannot deny the fact that the Pandemic had left its own effects on our children as well. Though the online classes were a great help to keep the learning process moving on, it had its own ill-effects on the learning habits of our children. Not all had benefitted from it. No one was ready to understand and deal with all the challenges when the school reopened. However, by God's grace we have met these challenges though the outcome was always not satisfactory.

Dear Parents and Guardians, We thank you for your cooperation this year. You have been our support. Let this cooperation continue in the days to come. May I suggest to all the parents to spend some quality time with their sons and talk to them. Please keep your sons engaged in useful activities that they may not waste away. The following suggestions may be useful.

- ❖ Please involve them in self awareness and self reflective activities, like prayer, meditation, Yoga, writing an autobiography.
- ❖ Pursue a good hobby, like music, dancing, painting, writing short stories or reports, etc.
- ❖ Bridge the gap by learning and practicing difficult subjects e.g. Mathematics, Science, etc.
- ❖ To keep improving their English may they read good English story books or novels, watch the BBC News Channel, etc.
- ❖ Engage in physical activities like playing, gardening and cleaning.
- ❖ Learn good etiquette of grooming themselves.
- ❖ Any activity that empowers the person in a positive way.

## **Results:**

To minimise the paperwork the results will not be sent through the Post Office (for Cls. 1-12). Please log on to the school website: [www.saskalimpong.com](http://www.saskalimpong.com), then click on the Result section, go to the Class and section and click on to the result of your child with the pin number as the password. You'll be able to access the results only if you have cleared all the dues.

## **An Appeal to ISC & ICSE Parents:**

The School requests the parents to accompany their sons in their journey towards the Board Exams. Please make sure that they study everyday and prepare well for their upcoming Exams. Their future depends on how they perform in these exams. May they be serious in their effort. At this moment Dear Parents your son's study should be your priority. Please instil in them seriousness and a sense of hard work.

*Wish You All Happy Holidays.  
Merry Christmas & A Prosperous New Year 2023*
